

While the June 10th accident in Bellingham, Washington, has caught our attention, we must examine how to improve the integrity of the pipeline and instill public confidence that we are adequately protecting those who live near a pipeline. I remain supportive of hydrostatic testing as a method to ensure the integrity of the pipelines. However, we must also review the regulatory, maintenance, and day-to-day operations of the pipelines comprehensively to better serve our communities.

On May 13th, I held a public meeting to discuss efforts to improve the pipelines. With a panel of experts, we discussed the need for better communication between local elected officials and the pipeline companies servicing the Puget Sound area. We must remain vigilant in protecting our neighborhoods not only today but also in the future. Congress can help in this process by passing meaningful pipeline legislation this year.

RECOGNITION OF THE 50TH ANNIVERSARY OF THE ROSEVILLE FEDERATION OF TEACHERS

HON. DAVID E. BONIOR

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Friday, May 19, 2000

Mr. BONIOR. Mr. Speaker, today I recognize the 50th anniversary of the Roseville Fed-

eration of Teachers. For fifty years the men and women of the RFT have been educating the young people of the Roseville Community School district. I have been working side by side with Roseville teachers since I first came to Congress, and I have always had the utmost respect and admiration for their dedication to their students and to the community where they work.

From kindergarten at schools like Eastland, Kaiser and Alumni through the halls of Roseville High School and the once bustling Brablec High . . . the Roseville Federal of Teachers has come together to ensure the best possible education for the students entrusted to their care.

While the current state administration has mounted an assault on teacher unions through attacks on collective bargaining, the right to strike and the current school voucher proposal, organization such as the RFT remind us that teachers are democracy's most valuable resource. Teachers have taken on the responsibilities of mentors, counselors and role models to young people. As your responsibilities have increased over the years, your benefits have not always grown at the same speed. Organizations such as the Roseville Federation of Teachers insure that teachers are fully represented and properly respected.

I ask you each to join me in congratulating the Roseville Federal of Teachers for their 50 years and wish them the very best as they continue to help our children meet the future challenges of this Nation.

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Friday, May 19, 2000

Mr. SHADEGG. Mr. Speaker, I was attending my daughter's high school graduation and was absent for a series of votes on May 18. Had I been present, I would have voted "no" on No. 202, "no" on No. 203, "no" on No. 204, "yes" on No. 205, "yes" on No. 206, "yes" on No. 207 and "yes" on No. 208.

HONORING SANDRA ELLEN BARRY

HON. LORETTA SANCHEZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, May 19, 2000

Ms. SANCHEZ. Mr. Speaker, today I recognize a superb educator in my district. In July, Sandra Ellen Barry will become the superintendent of the Anaheim City School District.

The district's current superintendent, Dr. Roberta Thompson, leaves the district this summer after many years of service. Sandy Barry will take her place.

And no one is better qualified to lead the district's 21,000 students and 1,900 employees, in 22 elementary schools. Ms. Barry comes with an extensive educational background.

She has served as the deputy superintendent for three years, a role in which she has prepared for her new position. She comes to the job equipped with the many challenges she will undoubtedly face.

But Sandy's experience is not limited to one district. She has served Orange County schools, children and families well through her work in many capacities. She came to her administrative career only after a decade of teaching, working with children from the ages of 7 to 14.

The Anaheim City School District will miss Superintendent Thompson. But I know that I join the community and her colleagues when I say that Sandy Barry is equal to the task.

FLOYD D. SPENCE NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2001

SPEECH OF

HON. ALLEN BOYD

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 18, 2000

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 4205) to authorize appropriations for fiscal year 2001 for military activities of the Department of Defense and for military construction, to prescribe military personnel strengths for fiscal year 2001, and for other purposes:

Mr. BOYD. Mr. Chairman, military retirees were promised a "lifetime of free medical care" in exchange for serving honorably in the U.S. Armed Forces for a minimum of 20 years. Although used by the services for decades as an effective recruitment and retention tool, this promise has no basis in law. Regrettably, our nation's failure to honor the "promise of health care" is a contributing factor to the critical retention and recruiting problems our armed services currently face.

In 1956, after the Korean War, only 11 percent of the eligible military medical beneficiaries were either retirees, their dependents, or survivors of former service men and women. At that time, existing military medical facilities were capable of serving these individuals. However, today, 52 percent of military medical beneficiaries are retirees and their family members. This growth in the military retiree population, along with recent base closures, has severely limited the ability of our government to provide them with direct care.

The Federal Government has fallen short of its commitment to the men and women who have served our Nation in the armed services. Demographic changes over the last several decades have led to an explosion in the number of military retirees, dramatically increasing the cost of providing health care to these individuals. While our Government could not have anticipated the factors which produced this problem, we must take action to ensure our military retirees receive the adequate care they deserve.

The Taylor amendment would expand and make permanent an existing Department of Defense (DoD) TRICARE Senior Prime demonstration program, more commonly known as Medical Subvention. Under Medicare Subvention, the costs of providing health care to Medicare-eligible military retirees who receive treatment at military medical facilities are reimbursed to the DoD by the Health Care Financing Administration.

As many of my colleagues know, the Balanced Budget Act of 1997 created a Medicare
